

LC70 LICENSE KEY FOR CM70 SERIES

TRACKING FEATURES

The Avonic AV-LC70-1 is an optional license that enables advanced functionality on CM70 series PTZ cameras. With this upgrade, you gain access to features such as Tally light support for seamless live production integration, a customizable color matrix for precise image control, and SRT streaming for secure and reliable video transmission over unstable networks.

Applications

- Education
- Video Conferencing
- Broadcasting
- Live Events
