

# SAFETY INSTRUCTIONS

The full safety instructions are documented in the user manual. Download the user manual at [www.avonic.com](http://www.avonic.com)

## Important Precautions

This Product is NOT intended for use where failure of the device could lead to death, personal injury, or severe environmental damage.

Be sure that you have COMPLETELY READ and UNDERSTOOD ALL information in this Manual before unpacking, installing and using this Product. Keep the Manual in a safe place for future reference or download it from [www.avonic.com](http://www.avonic.com).

Failure to follow the SAFETY NOTES as described in this chapter could result in fire, electric shock, injury, or damage to this Product or other property.

Power this Product ONLY with the included cable and power adapter. Other adapters may not meet applicable safety standards, and could pose a risk of death or injury when connected.

## Installation

This applies to the installation of the Product: The installation activities described should ONLY be executed by experienced technicians. The installation activities should NOT be executed by minors, mentally disabled persons or other persons not qualified to perform these tasks.

## Handling

To prevent the risk of injury, take the following precautions when handling this Product:

- Handle the Product with care. It is made of metal, glass, and plastic and has sensitive electronic components inside.
- The Product can be damaged if dropped, burned, punctured or crushed, or if it comes into contact with liquid.
- If you suspect damage to the Product, discontinue its use, as it may cause overheating or in.

## Ventilation

To prevent the risk of life-threatening injury or damage to the Product or other property, caused by electric shock or fire hazard due to overheating:

- Maintain adequate ventilation by NOT installing or placing the Product unit in a bookcase, built-in cabinet or any other confined space.
- Ensure that curtains or any other material does NOT obstruct the ventilation.

## Repair

Take the following precautions if the Product should be repaired:

- Don't open this Product and don't attempt to repair it yourself. Disassembling the Product may damage it or may cause injury to you.
- If this Product is damaged, malfunctioning, or if it comes into contact with liquid, contact Avonic or an Avonic Authorized Service Provider.
- Repairs by service providers other than Avonic or an Avonic Authorized Service Provider may not involve the use of Avonic genuine parts and may affect the safety and functionality of the device. You can find more information about repairs and service at [www.avonic.com](http://www.avonic.com).

## Atmospheric Conditions

To prevent the risk of injury or damage to the Product or other property caused by a potentially explosive atmosphere:

- Do NOT use this Product in an area with a potentially explosive atmosphere, such as areas where the air contains high levels of flammable chemicals, vapors, or particles (such as grain, dust, or metal powders), may be hazardous.
- Exposing this Product to environments having high concentrations of industrial chemicals, including near evaporating liquified gasses such as helium, may damage or impair this Product functionality.
- Obey all signs and instructions.

## Mounting

To prevent the Product from falling down which may cause injuries:

- Set up this Product on a hard, stable surface or mount it to a wall or ceiling.
  - ONLY use an Avonic mount for mounting to wall or mounting pole.
  - Ensure the mounting construction is capable of supporting four times the weight of the Product. (See 'General Specifications > Weight product' in the Product Datasheet for the exact weight.) Use a safety loop or drop protection that prevents the Product from falling if the mounting construction fails.
  - NEVER install a Product above a person.
  - Check the installation at least once a year.
- An im-proper mounting could cause the unit to fall off, resulting in personal injury.

## Operation

The following applies to the operation of the camera: - The operational activities described in this Manual should ONLY be executed by people with enough technical knowledge to perform the activities in a safe manner.

- This Product is specifically developed for video conferencing / streaming via internet by companies, institutes and universities. It is NOT meant for private use in the residential area.
- This Product should ONLY be used indoors.
- This Product is NOT a medical device and should NOT be used as a substitute for professional medical judgment. It is NOT designed or intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of any condition or disease. Please consult your healthcare provider prior to making any decisions related to your health.

## Power Adapter

To prevent the risk of life-threatening injury or damage to the Product or other property, caused by electric shock or fire hazard:

- Power this Product ONLY with the included cable and power adapter. Other adapters may not meet the applicable safety standards. They could pose a risk of death or injury when connected.
  - Do NOT use damaged cables.
  - Do NOT power the Product in a moist / wet environment.
- Before you power the Product, ensure the cable is fully inserted into the power adapter.
- Plug the power adapter directly into a power outlet.
  - Do NOT use the power adapter at a moist / wet location.
  - Do NOT connect or disconnect the power adapter with wet hands.
  - Keep the Product, cable, and power adapter in a dry and well-ventilated area when in use.
  - Stop using the power adapter and any cables if any of the following conditions exist:
    - \* The power adapter plug or prongs are damaged.
    - \* The cable becomes frayed or otherwise damaged.
    - \* The power adapter is exposed to excessive moisture, or liquid is spilled into it.
    - \* The power adapter has been dropped, and its enclosure is damaged.

## Disposal and Recycling

Disposal and Recycling can be found as a separate chapter as one of the last chapters in the user manual.

In general, the term 'E-Waste' or 'Waste of Electrical and Electronic Equipment' applies to items of all types of electrical and electronic equipment and its parts that have been discarded by the owner as waste without the intention of re-use.

E-Waste, like the CD600 and ALL of its accessories, cannot be disposed to normal waste and needs to be disposed separately. For this reason, send the CD600 back to Avonic or your local distributor if you want to dispose the CD600. Visit [www.avonic.com](http://www.avonic.com) for contact information and the return procedure. Avonic outsources the disposal and recycling of its E-Waste CD600 materials to Stichting Open.

Avonic is NOT responsible for personal data left in the settings of the camera as far as this is possible (like, IP Addresses, user names, passwords etc.) DELETE personal data before you send the CD600 back to Avonic!

# QUICK GUIDE

For the CD600

[www.avonic.com](http://www.avonic.com)

# QUICK GUIDE

The following Quick Guide provides general instructions for installing the CD600. For customized installation steps, follow (at least) step 6 and scan the QR code.

## 1. Unbox

Unbox the CD600. Contact Avonic if the package and/or its content is damaged. Be gentle with the CD600.

## 2. Physically connect the CamDirector

Connect the network cables and HDMI. Power on the CamDirector using the provided power supply.

## 3. Default IP address

Check the connected monitor for the default IP address of the CamDirector. By default, the CamDirector is set to 192.168.5.50. The default credentials are username "admin" and password "admin".

## 4. Update

Check for updates, the update process can take up to 30 minutes during which the CamDirector may reboot multiple times.

## 5. Update complete

After the update process has been completed, the CamDirector is ready for use and you can start setting up the Voice Tracker module.

## 6. Configure software module(s)

For the full user manual, please refer to the manuals on the product pages of the Voice Tracker at <http://www.avonic.com> or visit <http://support.avonic.com/support>
