

Humly Visitor

Welcome your visitors with ease

Calm check-ins. Clear oversight.

Give every guest a smooth arrival without adding work at the front desk. Humly Visitor keeps check-ins simple, host notifications instant, and your visitor log clear when you need it.

Core Features

Effortless check-in and check-out

- Visitors check in on any device with a web browser
- Approve terms and capture visitor details in one flow
- Optional badge printing via Humly Print Service

Pre-registration for efficiency

- Invite and pre-register visitors ahead of time
- Faster arrivals with less re-entry and less admin

Real-time host alerts

- Notify hosts instantly via email or SMS when a guest arrives

Multilingual support

- Check-in in 31 languages
- Host notifications in their preferred language

Parking convenience

- Register visitor parking during check-in (when used)

Visitor tracking and insights

- A clear visitor log for safety and reporting
- Better overview of visitor flow when you need it

Standard

- ✓ Visitor check-ins
- ✓ Badge printing
- ✓ Host notifications
- ✓ Custom branding
- ✓ Integration support

Professional

- ✓ Everything included in Standard
- ✓ Pre registration options
- ✓ Check-in code
- ✓ Invitation and registration emails
- ✓ Outlook-add in
- ✓ Include address and map links

Why Choose Humly Visitor?

Less admin. Better service.

Give front desk teams more time for people, not paperwork.

Clearer security.

Keep a reliable visitor log for safety, audits, and emergency planning.

Flexible and customizable.

Adapt fields, terms, and badge printing to match your workplace needs.

Easy to run.

Works on tablets and any screen with a web browser. Simple setup, simple operation.

Effortless check-ins

Guests check in on any device and receive printed badges. Or use the pre-registration option. Hosts get email or SMS alerts on arrival.

Tailored to your needs.

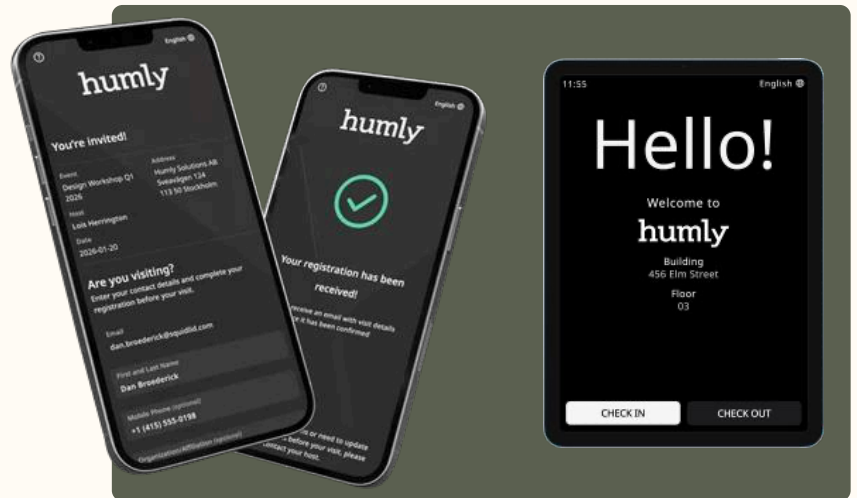

Comes in two versions, Standard or Professional. Choose the plan that fits your workspace.

Humly Visitor keeps guest management calm and consistent, so the welcome feels effortless and the overview is always there when you need it.
