

MCR 6T

METAL CEILING LOUDSPEAKER WITH 100 V TRANSFORMER

MCR 6T is a metal ceiling loudspeaker featuring a built-in 100V transformer, designed for both background music and paging applications. It offers powerful full-range sound reproduction and a fine, rimless design that allows seamless integration into modern interiors. The spring-loaded connection terminal enables fast, tool-free installation, making it ideal for commercial and public address environments.
