

SH 1

MICROPHONE FOR iLIVE 1 & iLIVE 2 BODY PACK TRANSMITTERS

SH1 is a lightweight headset microphone designed for use with wireless systems, featuring a moisture-repellent and corrosion-resistant condenser capsule. It includes an easily adjustable headband for a secure and comfortable fit. Finished in a discreet skin-tone color, the headset remains virtually invisible during performances. The microphone delivers clear, high-quality audio and is sweat-resistant, making it ideal for theater, aerobics, dance shows, and other live entertainment applications.
